Applicable scenarios of photovoltaic panels

Overview

PV can be the solution-for rural homes, villages in developing nations, lighthouses, offshore oil platforms, desalination plants, and remote health clinics. In urban or remote areas, PV can power stand-alone devices, tools, and meters.

Applicable scenarios of photovoltaic panels

where applicable

How can i translate this phrase? (as in "including the recollection of funds, where applicable") Merci! Moderator's note: two threads have been merged to create this one.

Applicable to and Applicable for

What is the difference between Applicable to and Applicable for?

As applicable

"As applicable", in this case, just means "whichever of which apply to you." For instance, if you didn't have an email address, than that obviously would not be applicable (in this case, for being

What is the proper abbreviation for not applicable?

Besides the lack of consistency in the use of an abbreviation for 'not applicable', there is also an important ambiguity arising from the same abbreviations being used for 'not applicable' and
