

Breaker distribution in China in Johannesburg

Medium and applications
Voltage 10,230-17,500V

Medium applications
Voltage 10,230-17,500V

Overview

ACTOM offers a complete range of solutions, OEM equipment, and services for the transmission and distribution industry, including high voltage circuit breakers, instrument transformers, surge arresters, and more. Explore our expertise in turnkey projects and maintenance services.

Breaker distribution in China in Johannesburg

Circuit breaker

Once a fault is detected, the circuit breaker contacts must open to interrupt the circuit; this is commonly done using mechanically stored energy contained within the breaker, such as a spring or
