BUILDING Definition & Meaning

The meaning of BUILDING is a usually roofed and walled structure built for permanent use (as for a dwelling). How to use building in a sentence.

Photovoltaic power station

OverviewHistorySiting and land useTechnologyThe business of developing solar parksEconomics and financeGeographySee also

A photovoltaic power station, also known as a solar park, solar farm, or solar power plant, is a large-scale grid-connected photovoltaic power system (PV system) designed for the supply of merchant power. They are different from most building-mounted and other decentralized solar power because they supply power at the utility level, rather than to a local user or users. Utility-

scale solar is sometimes used to describe this ty
