Covered California Create New Application I want to create a new account and have not started an application yet.

[What Is A Solar Tracker And Is It Worth The Investment?](#)

What Is A Solar Tracker?How Much Does A Solar Tracker Cost?Are Solar Trackers Worth The Additional Investment?To Track Or Not to Track?A solar tracker is a device that follows the sun as it moves across the sky. When solar trackers are coupled with solar panels, the panels can follow the path of the sun and produce more renewable energy for you to use. Solar trackers are usually paired with ground-mount solar systems, but recently, rooftop-mounted trackers have come onto the market See more on solarreviews PVH
