

Energy storage cabinet on-site installation costs

The image shows a stack of six white energy storage cabinets on a green lawn in front of a house with solar panels. To the right of the cabinets are four circular icons: a hand pointing to a cabinet, a globe, a battery with a lightning bolt, and a bell with a lightning bolt. Below these icons are four lines of text: 'easy to install and use', 'World wide Products', 'faster charging and discharging', and 'Multiple protection with alarm systems'. Below the icons and text is the heading 'Can save energy' followed by two paragraphs of text.

easy to install and use

World wide Products

faster charging and discharging

Multiple protection with alarm systems

Can save energy

the battery capacity can be increased freely and flexibly according to the situation of home use.

Rechargeable lithium batteries use safe LiFePO4
