[What is an EP, LP, Album and Single?: Understanding the Key](#)

An EP, or Extended Play, typically contains more tracks than a single but fewer than an album. EPs are often used by emerging artists to showcase their sound without the commitment of a full album.

About EP

With 40 years of experience, EP is the industry leader in Production Finance and Production Management, delivering integrated, cloud-based digital solutions supporting every phase of production.

[What is an EP? A Complete Guide for Musicians & Fans](#)

An EP, short for Extended Play, is a music release that sits between a single and a full-length album. It typically includes 1 to 8 tracks and runs about 15 to 30 minutes in total.
