

Latest information on the sale of photovoltaic waste panels

Overview

A federal plan to manage the coming "solar waste tsunami" of retired panels has missed its start date, leaving states and the solar industry to patch together their own rules for retiring the panels. Fifteen states have no rules at all.

Latest information on the sale of photovoltaic waste panels

Toward traceable global systems for end-of-life photovoltaic waste

The rapid growth of the photovoltaic (PV) industry has made it an important force in driving the global energy transition and carbon neutrality goals.
