

Nordic large-scale solar battery cabinet life

Nordic large-scale solar battery cabinet life

[Nordic Semiconductor expands nRF54L Series with entry-level](#)

Leveraging Nordic's complete Bluetooth offerings With these entry-level Bluetooth LE SoCs, developers can ensure their products benefit from the same fully featured, certified Bluetooth

[Nordic Solar Enters The Battery Storage Market With The](#)

Choosing the right battery for solar and wind systems ensures efficiency, long-term performance, and sustainability. Selecting the right battery impacts both system performance and lifespan: Batteries

Nordic Semiconductor unveils nRF54LV10A

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today launches the nRF54LV10A SoC, setting a new benchmark for integration, performance, and battery life in the

[Solar Battery Lifespan & Degradation: Complete 2025 Guide](#)

Whether you're considering your first battery system or planning for replacement, this comprehensive guide covers everything you need to know about solar battery lifespan and degradation.

[Next generation smart ring integrates Nordic's nRF54L15 SoC](#)

"We selected Nordic's nRF54L15 SoC for the IDR01 smart ring because of its outstanding overall characteristics," continues Zhu. "By leveraging its powerful processing capabilities, ultra-low power

Nordic Semiconductor accelerates cellular IoT leadership with major

Nordic Semiconductor unveils its next-generation portfolio featuring Cat 1 bis, satellite NTN, advanced LTE-M/NB-IoT with edge AI, and a clear path to 5G eRedCap delivering secure and

Products

Discover Nordic Semiconductor's range of products to support your next project.

Nordic Semiconductor launches nRF9151 software and development

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the launch of the nRF9151 SMA Development Kit (DK), a specialized DK for RF engineers

Sweden switches on largest battery energy storage system in the

Sweden's largest energy storage investment, totaling 211 MW, goes live, combining 14 sites. 14 large-scale battery storage systems (BESS)

have come online in Sweden to deploy 211 MW

NORDIC BATTERY SYSTEMS

Lithium batteries have become the most commonly used battery type in modern energy storage cabinets due to their high energy density, long life, low self-discharge rate and fast charge and discharge speed.

[Solar and Battery Storage , Nordic Solar A/S](#)

The storage of excess solar energy ensures that more renewable energy is available when there is demand, even after sunset. By increasing the share of

Nordic news

Nordic news Nordic shares product and business related news to inform and inspire. Get new perspective, industry news, product updates and more.

Nordic Semiconductor debuts low-power nRF93M1 Cat 1 bis module

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, unveils low-power nRF93M1 Cat 1 bis modules at Mobile World Congress 2026. Nordic

About Nordic Semiconductor

Nordic Semiconductor plays a key role in the realization of the wireless future. We remain

passionately committed to ultra-low power wireless technology done right.

Battery storage systems

Vattenfall operates large battery storage systems in combination with wind and solar parks at several locations in Europe. These combined systems, also

Nordic Semiconductor

Investor relations Nordic Semiconductor is a global leader in low power wireless connectivity solutions, providing the essential platform and wireless technologies that connect IoT devices within the

SolarEast BESS Europe 2026: 1-2.6MWh Industrial Energy Storage

Ranging from 1MWh to 2.6MWh, these multi-scenario deployments-spanning mountainous solar stations, large-scale integrated farms, and high-tech industrial parks-mark a significant leap in
