Price quote for 20-foot energy storage containers for Southeast Asi

What on Earth does "cheap at half the price" mean?

(in Phrasefinder Bulletin Board): 'Cheap at half the price' is understood to mean 'reasonably priced' and if people understand that meaning why worry about logical niceties? It was never intended to be

Why do we use the term "hike" to describe an increase in price, value

1904 Topeka Capital 10 June 4 City Center kept the price of ice cream sodas at five cents until the State Sunday School convention struck town, and then the scale was hiked to ten cents. We

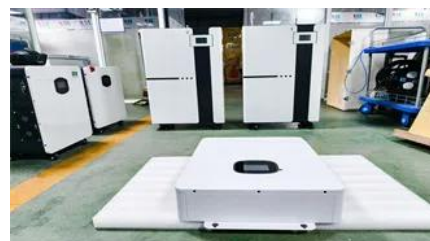

"Prices of" vs "prices for"

The preposition "OF" is used here to indicate that the price belongs to/is used in relation with prices of spare parts. Now, the definition of "FOR" as a preposition- For Used to indicate the use

Word for when people store scarce resources to increase demand

Like storing gasoline to create an artificial demand and sell it a higher price later.

Where did "the price of tea in china" come from?

The price of tea in China, at that time, indeed affected a great deal of economic activity, and was thus relevant to quite a few topics (even though the relevance may not have been

meaning

Price point means a point on a scale of possible prices at which something might be marketed; its meaning is different from the meaning of price, which is (principally, but not only) the

"cheaper price" or "lower price" / "cheaper rate" or "lower rate"

Somehow it really grates me when people say that something is at a "cheaper/more expensive price" or "cheaper/more expensive rate". My understanding is that prices and rates can be lower or higher,
