

Require solar power generation with energy storage

Overview

The Building Energy Efficiency Standards (Energy Code) include requirements for solar photovoltaic (PV) systems, solar-ready design, battery energy storage systems (BESS), and BESS-ready infrastructure. A solar PV system is prescriptively required for all newly constructed.

Require solar power generation with energy storage

[REQUIRE definition and meaning , Collins English Dictionary](#)

If you require something or if something is required, you need it or it is necessary.
