Overview

An off grid solar system is a self-sufficient power setup that does not rely on the public electricity grid. These systems generate energy directly from solar panels, store it in batteries, and supply power to a property or location without any connection to traditional utility.

Self-sufficient solar energy system

In CSS Flexbox, why are there no "justify-items" and "justify-self"

Scenarios where these properties would be useful: placing a flex item in the corner of the flex container `#box3 { align-self: flex-end; justify-self: flex-end; }` making a group of flex items align
