

Similarly for microgrids

Overview

Electrical systems that can disconnect from the larger grid, engaging in intentional islanding, are often called microgrids. Microgrids vary in size from a single-customer microgrid to a full-substation microgrid, which may include hundreds of individual generators and consumers of.

Similarly for microgrids

Microgrid Overview

The primary resilience benefit of microgrids is their ability to disconnect from the main grid when there is an outage and operate autonomously. Thus, facilities connected to and powered by the microgrid

Why do 'get' and 'have' work similarly in 'get/have sth done" but

Why do 'get' and 'have' work similarly in I got/had my car repaired. but differently - that is are not complemented in the same way although they still mean the same - in I got someone to re

[Microgrids: A review, outstanding issues and future trends](#)

Future research areas worth exploring for microgrids are also outlined. A microgrid, regarded as one of the cornerstones of the future smart grid, uses distributed generations and

[What do we call the "rd" in "3rd" and the "th" in "9th"?](#)

The addition of -th/ -eth relates to numbers 4 to 20 (and similarly,) and is a suffix to the cardinal number. However, as in the second and third examples, the rd & st simply come from the

comparisons

Must a comma be used after the word "similarly?"

Similarly, in photography, I also consider I know that there's usually a comma after "similarly" but the sentence in the second sentence sounds too long and has too many pauses.

The correct word in this usage is similarly. In a hypothetical situation where there is a test for similarity, and two object are, when tested, found to be similar, then one could say either object

Treat similarly named patches equally: is this correct English?

1 Treat similarly named patches equally Your first example (as quoted above) is both grammatical and expresses the sense you explained in the question. Using a hyphen (ie, similarly

"in a similar way as" or "in a similar way to"?

Here , As and To would mean to different things : If you would use the word AS here , it would mean similie but you actually meant it to be an analogy (comparison) So if you would want to show the

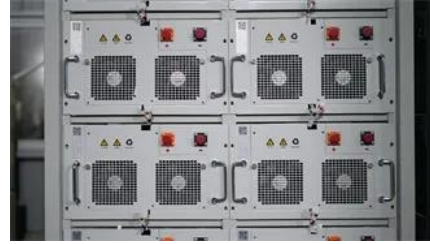

What are Microgrids? Definition, How They Work, and

Microgrids incorporate renewable sources, such as wind, solar, fuel cells, and battery storage, to reduce reliance on fossil fuels, which in turn helps

apostrophe

Questions I believe that let + us is the only instance where this type of contraction occurs. Is there an explanation as to why verbs such as (i) give + us, (ii) get + us or (iii) take + us were not similarly

"similarly to" in the sentence beginning

Similarly to the previous version of this product, this version contains the same feature and . (a long description of the product) Is the usage of "similarly to" in the sentence beginning

Microgrids

Microgrids can enhance grid resilience to more extreme weather or cyber attacks. Microgrids can continuously power individual buildings,

Similar vs Similarly to

The argument I am faced with is whether we should use the adverb, similarly, by essentially implicitly encapsulating the entire process to arrive at a new equation as the verb; or

similar to or similarly to

Similar is an adjective and similarly is an adverb. The only grammatical word in this sentence is similarly, as it modifies the verb obtained.
