

# The world's first liquid flow battery

## Overview

---

A zinc chlorine flow battery may have been the first working example of this technology. That's because we know a Frenchman Charles Renard used one to power his airship La France in 1884.

## Aramco Deploys World-First Iron-Vanadium Flow Battery to Power

Aramco has commissioned a world-first Iron-Vanadium (Fe/V) flow battery system to store renewable energy for its gas operations, marking a major milestone in industrial energy storage.

## Technology Strategy Assessment

China's first megawatt iron-chromium flow battery energy storage demonstration project, which can store 6,000 kWh of electricity for 6 hours, was successfully tested and was approved for
