## Today s price of JA Solar panels

---

### american english

The phrases " on tomorrow," " on today," and " on yesterday " are commonly heard in the southern region of the United States. They are acceptable in casual speech and other informal

### "Today" in the past

3 "Earlier today" is a totally correct way to refer to a point in time between the beginning of the day and the current time. Because it refers to a moment in the past, it can be used with the past tense, as you

### "What day is it today?" vs. "What day is today?"

The last example means something different, though. "What day is (it) today?" refers to the day of the week, not the date.
